

GRP SEPTIC TANK WARRANTY CERTIFICATE

We hereby confirm that the GRP Horizontal Septic Tanks are covered by a **One (01) year** warranty against: manufacturing defects, material quality and workmanship from Invoice Date.

Note: Above Tanks is designed to take the 10 cm soil load on the top of the tank (no movement will be allowed on top of the tank).

+ This warranty does not cover the defect due to the following:

1. Improper usage, mishandling by others and Natural disasters.
2. Repairs or maintenance carried out by unauthorized persons during the warranty period.
3. Product failure due to improper storage, handling or faulty entrusting conditions.
4. Tanks may not be subjected to abnormal stresses from the load applications, excessive vibrations from the pump and excessive static pressure (storage on top of the tank) (See guidelines in installation Manual).
5. Full payment must be received for goods and services within the agreed time span under terms of sale for this warranty to be valid (Note: If any problem with payment arises this warranty is invalid).
6. Acts of war, natural disasters, explosions, and civil unrest, accidental damage shall invalidate this warranty
7. Improper installation of the tank other than our recommendations (See Installation Manual)
8. All inlet, outlet, overflow and drainage area are not covered by this warranty certificate if required support as per installation manual not provided.
9. Lack of protection of tank body from foreign intrusion.
10. In the event of damage caused to the tank, upon evaluation and assessment of the cause of that damage, should it be deemed to meet the above terms of the warranty will result in either repair work or replacement of the damaged tank. No other responsibilities such as Plumping work and installation shall be performed as part of these corrective measures.
